

About the Channel

Dan's channel, **SmartFox (@smartfoxhelp)**, creates clear, actionable tech guidance for everyday users. Dan Fox brings 32 years of hands-on IT experience, helping people and organizations solve real-world technology problems. Drawing from a professional career supporting thousands of users across North America, Dan makes technology simple, approachable, and relevant for everyday use.

Content focuses on:

- Apple ecosystem workflows and cross-device integration
- Productivity tools and practical tech solutions
- Clear, trustworthy recommendations based on real-world experience

Audience trusts Dan to cut through hype and recommend what actually works, making consumer technology accessible, reliable, and actionable.
